## Membership Process

The following steps will be followed during the membership application process.

1. Applicant provided with list of membership levels
  - This list will enumerate benefits/rights associated with each level and the cost
2. Applicant communicates which level is chosen and communicates that to NetSecOPEN
3. NetSecOPEN sends the Membership Agreement and Statement of Service to be completed and signed
4. Applicant signs and returns the Membership Agreement and Statement of Service
5. Executive Director submits the vendor name or individual's name to the board for approval
  - If not approved applicant will have to be notified with a reason provided
  - After approval an invoice is sent to the applicant
6. Applicant will be added to the provisional member list
7. Grace period of one month to allow payment of the membership fee
8. If payment is not received within one month, NetSecOPEN will determine reason and communicate this to the board as needed
9. Once payment received applicant is granted full membership status and will be listed as such on the NetSecOPEN website
